What are the things in life that matter most to you?

At Virginia Managed Investments, our mission is to ensure that all of your financial resources are working together to create a future filled with the things in life that matter the most:

- financial peace of mind;
- a secure retirement; and
- the freedom to make decisions and choices based on what you *want* to do, not what you can *afford* to do.

We are an independent investment management firm serving individuals, families, and small business owners. We do not sell any proprietary products, promote any specific companies, or accept compensation not disclosed to our clients. This strict independence ensures that the advice we give you serves only *your* best interests.

Since 1992, we've been known for a personalized, honest, and steadfast commitment to serving our clients. We've earned a reputation for providing local, knowledgeable and insightful advice, drawn from many years of experience and coupled with world-class resources and service partners – all working for you.
