RESPONSIBLE INVESTING

Access to safe drinking water. Improving nutrition for poor children. Encouraging diversity in the boardroom. These are values that many of us can support. Now there's a way to ensure your investments reflect them.

PODCAST: BERNSTEIN INSIGHTS

A trio of Bernstein Insights podcasts for high-net-worth investors lets private clients hear directly from senior leaders at Bernstein. “The Pulse” offers a monthly capital markets outlook, while “Women & Wealth” addresses the unique needs of women as they connect with their wealth. “Inspired investing” covers the overall financial health of nonprofit organizations. New episodes drop every Tuesday.

JULY CMO: THE X'S AND O'S OF TARIFF MANAGEMENT

Despite talks between the US and China at the G20 Summit, the threat of trade escalation looms. If the US proceeds with tariffs on “List 4”— goods like toys, sneakers and apparel— consumers are likely to feel the effects. The question for investors: How will companies navigate higher import costs?

PLANNING AMID UNCERTAINTY

Financial planning is daunting to many younger investors, because they typically can't foresee what their income or their spending needs will be. But younger investors also have an advantage: greater flexibility.
