

*Creating Wealth by Intentional Design*

===== **WHO WE HELP** =====

## FAMILY STEWARDS

Secure your family's financial wellbeing and provide the next generation with the power of choice. By partnering with Empyrium™, you will benefit from a comprehensive wealth management plan that empowers you to create a legacy that transcends generations.

## WOMEN IN TRANSITION

Navigate the next phase of your life with confidence and conviction. The Empyrium™ team delivers unparalleled expertise in solving the unique financial challenges women face, allowing you to surmount obstacles and tap new opportunities for personal and professional growth.

## THRIVING RETIREES

Leverage the power of dynamic portfolio design and sophisticated planning to ensure a seamless, successful transition into retirement. We strive to provide our clients with the stability and financial strength they need to achieve their post-working goals without risking their long-term outlook.

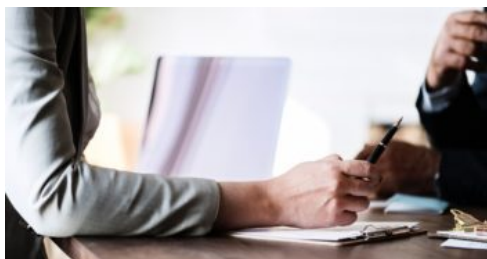

## HOW WE HELP

### We focus on your needs.

Our goal at Empyrium™ is to help our clients make the best financial decisions possible for themselves and for their loved ones. To achieve that goal, we use the same type of sophisticated investment strategy that professional investors have employed for years. Based on the award-winning research of Dr. Eugene Fama<sup>1</sup>, Empyrium's strategy focuses on maximizing returns while minimizing risk and volatility by broadly diversifying across multiple asset classes and international markets.
