Institutional Capital Management

Since 1997 ICM has worked with public funds investors to optimize taxpayer dollars with greater safety, in less time, with fewer hassles.

If you invest in public funds, Think ICM.

Our goal is your success.

We Work Only For You.

ICM is a fully independent Registered Investment Advisor. We are not owned by a bank, broker or insurance company. We manage \$500 million for a select and loyal client base.

Partnership Approach

We employ a client-driven partnership approach. Every step of the investment process revolves around you. Each client is unique, each strategy is individualized. You deserve more than a cookie-cutter approach.

Public Funds Investors

We contract exclusively with public funds investors. ICM was built from the ground up for one purpose, to serve local government. ICM has been serving public funds investors for 22 years.

The Client Comes First

Our average client relationship is over 13 years. "The client comes first" may be a cliché for some, but it is our highest priority.
