Welcome to Conestoga Capital Advisors, LLC

At Conestoga Capital Advisors, LLC, we focus on high-quality businesses that have the potential to generate superior returns. Our investment team seeks to accomplish this by concentrating our extensive research efforts on companies for our Small and SMid Cap Growth strategies that have market capitalizations within the range of a rolling 3-year average of their benchmarks.

We strive to meet or exceed our clients' investment objectives by delivering long-term investment returns that compare favorably to their benchmarks. By investing in these small and mid-cap equities, our investment team seeks companies with sustainable earnings growth rates and robust business models designed to reward shareholders over the long-term. We combine this core competency with our dedication to excellent client service.

Our Services and Products

SEPARATE ACCOUNTS

Conestoga Capital Advisors offers separate account management at a minimum investment of \$5 million. Client assets are held at a custodian of the client's choosing. We provide a client service program tailored to meet each of our client's specific needs.
