Negative Rates, Do They Work?
(<https://www.capitaladvisors.com/negative-rates-do-they-work/>)

Introduction The President of the ECB, Mario Draghi, recently performed an about-face on the direction of interest rates. After having previously announced plans to begin raising interest rates out of the

ranes-2019-money-fund-symposium/)

negative range, Draghi altered course significantly, stating that rates will likely remain negative until at least 2021. Negative rates,...
