Are You Prepared for Retirement?

- Are you planning on relocating for retirement?
- Do you plan on working during retirement?
- Do you have your budget mapped out?

These are some of the questions I hear quite often. In fact, I work with individuals, couples and families of all shapes and sizes who are asking themselves these same questions. And, these are exactly the types of questions I like to address when meeting with a client for the first time.

But, more importantly, what I really love to do is to get to know my clients. What's your story? What are you doing now? And where do you hope to be in five, 10 or 20 years? When I get a chance to genuinely

know you, that's when I can connect you with a knowledgeable money manager who'll fit your unique needs and desires – from growth investing and income to global investments and more. And, I connect you with money managers who I believe are the best of the best!
