LET'S GET STARTED

Four million small businesses don't offer a retirement plan because **retirement plans are expensive.**

Are you one of them?

Offer your employees a solution to save for retirement at a zero cost to your business

More than 30 million full-time private-sector workers lack access to an employer-based retirement plan according to a [report](#) from the Pew Charitable Trusts.

We created the workIRA™ payroll deduction program as a solution to address the major obstacles that prevent employers from providing a retirement program to their employees.

- ▶ No cost to employer (no setup fee, no ongoing fee)

- ▶ No employer contributions required
