Granville Capital is a privately-owned SEC Registered Investment Advisor that specializes in providing managed portfolios of alternative investment strategies for high-net-worth individuals, families, not-for-profits, and other institutional investors. In addition, Granville Capital manages an investment-driven family office limited to a select number of clients. Granville Capital serves as the investment manager and general partner for several funds of hedge funds and various private equity funds. The goal of Granville Capital is to provide its investors with exceptional risk-adjusted returns that are uncorrelated to equity and fixed income markets. The Granville Capital team has a 24-year track record in managing alternative investment strategies.
