Founded in 1993, IDFA provides specialized training to accounting, financial, and legal professionals in the field of pre-divorce financial planning. Over the years, we have certified more than 5,000 professionals in the US and Canada as Certified Divorce Financial Analyst® (CDFA®) professionals.

The Institute provides comprehensive training using a variety of knowledge and skill-building techniques. CDFA candidates learn how to help their clients with financial issues that will affect the rest of their lives, including:

- Personal vs. marital property
- Valuing and dividing property
- Retirement assets and pensions
- Spousal and child support
- Splitting the house

- Tax problems and solutions
- Expert witness testimony
- Tax law and financial issues affecting divorce

To acquire the designation, a candidate must successfully pass all exams (modules) with a minimum score of 70% for each one and be in good standing with their Broker Dealer (if applicable) and the FINRA/SEC or other licensing or regulatory agency.
