HOW WE CAN HELP (wealth-management-services)

Your Fee-Only Financial Advisors In Los Angeles, CA

Preserving and growing your assets over the long term requires a wealth management strategy that is tailored to your individual goals. The financial advisors at Berkson Asset Management create customized financial plans based on your values, needs and aspirations.

We start by taking the time to understand who you are so we can see things through your eyes. Then we work in close partnership with you to craft a disciplined investment strategy designed to minimize risk and maximize your long-term financial health.

FINANCIAL PLANNING ([HTTPS://WWW.BERKSON.NET/FINANCIAL-PLANNING/](https://www.berkson.net/financial-planning/))

An effective financial plan starts with learning about you. Our financial planning process begins with an initial interview during which we explore your values, passions, goals, needs, family situation, and financial status.

Advisors With Experience, Objectivity, Integrity

Berkson Asset Management is an independent financial advisor firm based in Los Angeles. We are a fee-only Registered Investment Advisor (RIA) – we do not receive commissions on product sales, and our financial planners always place your needs first. We specialize in helping individuals and families with high net worth, executives, widows and widowers, charitable entities, private foundations and small-business owners.

Does your current investment portfolio carry too much market risk? Are you worried that your investments lack diversification? Have you been operating without the guidance of a solid, comprehensive financial plan?

If any of these questions concern you, contact Berkson Asset Management. (<https://www.berkson.net/>) We offer the experience, objectivity and integrity you need to place your financial journey on solid ground.

Your Guide To Long-Term Financial Health

Learn about our wealth management and investing philosophy by ordering *A System for Accomplishing Your Long-Term Investment Goals*. This White Paper explains the core concepts behind effective portfolio management, retirement planning, estate planning, financial planning and money management.
