** The Forbes Best-In-State Wealth Advisor ranking, developed by SHOOK Research, is based on in-person and telephone due diligence meetings and a ranking algorithm that includes: client retention, industry experience, review of compliance records, firm nominations; and quantitative criteria, including: assets under management and revenue generated for their firms. Portfolio performance is not a criterion due to varying client objectives and lack of audited data. Neither Forbes nor SHOOK Research receives a fee in exchange for rankings.*

*** "Top 1000 Advisors in America" by Barron's is based on factors including: assets under management, revenue produced for the firm, quality of practice, regulatory record, and philanthropic work.*
