“Hosting my own television show has been a long-standing goal and it’s very exciting to see it coming to fruition. I look forward to teaching people about their money and interviewing well-known, knowledgeable people from all over the country. Our program will truly have a national feel and appeal. Being able to have the visual medium of television to illustrate what we are discussing will be a bonus over radio.”

Transitioning from PlanStronger™ Radio to PlanStrongerTV™, we hope to reach and help more people.”
