

## WELCOME TO GABELLI & PARTNERS

“Gabelli & Partners, our Alternative Investment Group, is a specialized division within the firm, utilizing the full resources of the organization while maintaining its independence and flexibility. When we started the firm in 1977, our investment strategy was and continues to be based on our proprietary “Private Market Value (PMV) with a Catalyst”™ process of investing.

Gabelli offers a range of alternative portfolios, offering liquidity, transparency and superior returns based on individual objectives. We believe our range of fund choices provides an opportunity to achieve the desired level of diversification within your overall asset allocation program.

Please read thoroughly our literature and prospectus information before investing. Past performance is not indicative of future results
