Managed Accounts Platform

Beneficious Investment Management is run by Stock Markets Institute (SMI), a Registered Investment Adviser with the SEC.

All investments involve risk, losses may exceed the principal invested, and the past performance of a security, industry, sector, market, or financial product does not guarantee future results or returns. You alone are responsible for evaluating the merits and risks associated with the use of SMI's systems, services or products. Multiple leg options strategies involve additional risks and multiple commissions, and may result in complex tax treatments. Please consult a tax professional prior to implementing these strategies. Investors should consider the investment objectives, risks, and charges and expenses of ETFs carefully before investing. The SEC registration does not imply a certain level of skill or training.

Your use of the Beneficious & SMI services is conditioned to your acceptance of SMI's [Terms of Use](#). SMI shall be indemnified and held harmless from any actions, claims, proceedings, or liabilities with respect to the information and its use.
