Steve Forbes Interviews George Gilder on Current Issues

Recently, Steve Forbes interviewed our long time friend and partner in venture capital, George Gilder. In this podcast on Steve Forbes' "What's Ahead" series of podcasts, Steve addresses some pertinent topics regarding trade and the economy, which are definitely worth noting, before he delves into his interview. In this interview, Forbes...

Death and Taxes - Capital Gains Version

Inevitably, while we are definitely long term investors, there comes a time when we deem it appropriate to sell companies that have done extraordinarily well for us over many years (even decades in some instances). We painstakingly consider the ramifications of these actions as it relates to capital gains taxes for

The Fixation on Debt

For years we have addressed the issue of debt for our investors. It seems there are very few issues that strike fear in the hearts of investors like that of debt.

Whether the debt be personal, corporate or government, very often it is used by the crisis industry (otherwise known as media) to make even the most savvy investors shake...

The Return of the "Hissy Fit"!

 We have discussed many times over the last decade or so how the market's reactions to scary headlines and prognostications of gloom can be described as a "hissy fit". You know, it's like the reaction of the spoiled child who is told they can't have any more candy: stomp out of the room in a huff and whine and complain for hours...
